What happens at a checking station?

- Your name, address, date of birth and Game Licence number are recorded.
- Date, time and location of the take are noted.
- Shoulder height, length and girth of the deer are recorded, and antlers are measured.
- All stags are photographed.
- The reproductive condition of hinds is assessed.(if it had a foetus take it too if you can)
- A jawbone is removed so the animal may be aged.(to assist jaw removal place a chock in the mouth if possible)
- Other biological samples may also be taken.
