

FACT SHEET

More to Explore – hunting maps

Online hunting maps are available in the 'More to Explore' mobile phone app. The hunting maps show:

- all public land available to hunting in Victoria
- the species that can be hunted in specific areas, including game species and pests
- where hunting dogs are allowed.

The app also provides comprehensive information on State Forests, including camping sites, bushwalking tracks, mountain bike trails, 4WD tracks and seasonal road closures. The More to Explore app is available at no cost for iPhones from the App Store and for android phones from the Google Play store.

Find areas to hunt

1. Go to the tabs at the top of the screen and slide along until you find 'Hunting'.

2. Zoom into the map and select the area you want to hunt.

3. Click the name of the selected area to view hunting details.

4. Scroll through the details section to find information on the species you can hunt.

Using the maps offline

The maps can be downloaded and used when out of mobile range.

1. Ensure the georeference settings on the app are switched on.

2. Zoom into the area you want to hunt and select 'More' at the bottom of the screen.

3. Select 'My Offline Maps' then select 'Create Offline Map'.

4. Resize your map to the area you want to save. Select continue to save the map.

Once you have created and saved your map you can use it offline by activating the GPS function on the top right-hand side of the screen. There are many other features in the More to Explore App. The app is regularly updated to reflect changes in land status and show road closures and also features an emergency location function for public land users' safety.

More to Explore has been developed by the Department of Environment, Land, Water and Planning. Further details about the More to Explore app can be found at www.gma.vic.gov.au
